Forecast For East Midlands
Issued by Met Office Exeter
at 0400 on Thursday 01 Apr 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Drastically colder today compared to Wednesday.

Today:
Feeling markedly colder today, compared to Wednesday, especially along the Lincolnshire coast with a chilly breeze. The highest temperatures will be inland, across western areas. Generally cloudy at first, but bright or sunny spells will develop for most places. Maximum temperature 12 deg C (54 deg F).

Tonight:
Dry with patchy cloud and clear spells. Breezy along the coast, with light winds elsewhere and becoming chilly in rural inland locations. Minimum temperature 3 deg C (37 deg F).

Friday:
Dry with often large amounts of cloud, but also some sunny spells, especially later in the afternoon. Feeling rather cold, particularly along the coast with a brisk breeze. Maximum temperature 12 deg C (54 deg F).

Outlook for Saturday to Monday:
Saturday eastern areas cloudy and feeling cold, elsewhere sunny spells. Sunday early frost, then sunny spells before evening rain. Monday much colder, windy with sunny spells and scattered wintry showers.
